# Content Box

Contributed by Ray Silcox
Sunday, 01 October 2006

Create a very high tech content box for your website layout.

- Click here to see the video version of this tutorial.

- Open a new 300 x 300 document.

- Change the background color to #959595

- Now take the Rounded Rectangle Tool and create a similar shape to the one below, fill the shape with #b7b7b7.

- Now go to layer1 or shape1 and apply the following blending options

- The end result should look something like this
